

Common UI Cleveland Range

Software Release Note

Product Name	Common UI For Eclipse/T1/SET10/Kettle Models
Version	1.2.1 (Release Package)
Date	3/6/2025
Author Name	Shadi Abu Salem
Author Email	s.abusalem@elreha.com
Executable Name	Ui_Cleveland
Hardware Rev	Welbilt UI AG012002000366, IO board V2

Purpose:

The purpose of this software is to provide the graphical user interface (GUI) for the T1, SET10, eclipse and kettles model machines. This software acts as the master, sending commands to the slave IO board, which controls the pan, lid, water, and heating processes with recipe maker and control.

Intended Use:

Use with Welbilt UI connected to IO Board HW Ver. 2

Added Features:

- Languages Support (English, Spanish and French) for now.
- Startup Logo (Display Section).
- Enable Sound Feedback with Volume control.
- Network configurations (LAN/WiFi).
- Error logs with export to USB function.
- Event logs with export function too.
- Startup Model select (if no old configuration file) or Block if incorrect IO board model.
- Firmware update from USB drive (select bin file to burn).

Modified Features:

- Unit Details
- Recipe View changes in UI.
- Change footer buttons location in various screens as needed.
- Speed up Pan/Lid movement with no delays.
- Add Water control on home screen as a separate page.

Environment Description:
