00	2024-05-21	New Document Release. The Green boxes are changed from "SEL T1 - Flow Chart (REV00 – 2024-05-17)"	Mohsen Saadatfard
01	2024-08-25	The Green boxes have been modified.	Mohsen Saadatfard

## 2. Introduction

**SET 10 SKILLET Easy Touch** is a new generation of **SET 10 SKILLET Easy Dial** manufactured by **Cleveland**. The control system of **SET 10 SKILLET Easy Touch** includes an I/O Board and a 7" User Interface(UI) controller. The UI controller as a master is connected to the I/O Board as a slave via MODBUS.

This document describes the I/O Board functions using some flow charts.

### 3. SET 10 Control Loop

## 4. SET 10 Heating Process Loop
